

New Auto Security

Erie
Insurance®

Above all in sERvICe™ - since 1925

Your new car may depreciate the minute you drive it off the lot, but that doesn't mean your insurance coverage should, too.

Keep that new car feeling with an affordable add-on for your ERIE auto policy.

ERIE offers coverage that gives you true replacement value should something happen to your precious ride.

If an accident totals your car, New Auto Security* provides:

- **New Vehicle Replacement** that replaces a new car with the latest model year.
- **Better Vehicle Replacement** that replaces an older car with a comparable model two years newer.
- **Auto Lease/Loan Protection** that provides for the difference between the actual cash value of the auto and the amount due on your lease or loan. (Coverage does not include items such as overdue payments, carry-over balances, etc.)

You also get **New Car Repair** that pays to fix a damaged (but not totaled) vehicle without deduction for depreciation.

Bonus: Add the Coverage Any Time

You can add New Auto Security to your policy for just a few extra dollars a month at any time before there's an accident that results in a claim. It's not restricted to when you buy the car or first insure the car with ERIE. And you decide which vehicles on your policy you want the additional coverage for.

Rest easy knowing you're a step ahead of depreciation. Ask us about adding New Auto Security.

*Vehicle is considered new when less than two years old. Eligible vehicles must carry both comprehensive and collision coverage and replacement must be made with a comparable model. The endorsement is sold on a per-vehicle basis, not per policy, and contains the specific details of the coverages, terms, conditions and exclusions. Please note that new vehicle replacement and better vehicle replacement do not apply to leased vehicles; only the auto lease/loan component applies to leased vehicles. Coverage is not available in all states. Insurance products are subject to terms, conditions and exclusions not described here. Ask your ERIE agent for details.

Why add New Auto Security coverage?

**Subtract
15-25%**

New vehicles lose anywhere from 15 to 25 percent each year for the first five years, according to *Carfax.com*. And depreciation starts the minute you drive the car off the lot.

Let's say you get into an accident a week after buying your new car and it's a total loss. Your insurance payout could be much less than what you paid for the car (or what you owe on your loan, for that matter). That's why it pays to protect the investment you've made in your vehicle with the right insurance coverage. Your ERIE agent is there to help explain the details.
